

UC Berkeley Chevron SWE Scholarship - \$1,000

Chevron is one of the world's leading integrated energy companies, with subsidiaries that conduct business worldwide. Our diverse and highly skilled global workforce consists of approximately 58,000 employees and about 4,000 service station employees.

Chevron is a strong supporter of women in engineering. We are an active member of the Society of Women Engineers Corporate Partnership Council and have relationships with over two dozen SWE campus chapters across the US. Our Chevron employees are active in several local SWE sections throughout the country. Through our partnerships with organizations such as Tech Bridge and Project Lead the Way, we are also helping to grow girls in elementary school through high school into tomorrow's engineers.

Qualifications for the Chevron SWE Scholarship:

- **Must be a current national member of SWE**
- **Minimum 3.0 overall GPA**
- **Pursuing a bachelor's degree in mechanical, chemical, electrical or computer engineering**
- **Strong leadership and communication skills**
- **Demonstrated interest in the energy industry**

To Apply:

Please send a copy of your resume, and a one page letter describing why you are interested in the energy industry to swe.berkeley@gmail.com. **Application deadline is Monday, November 7, 2011. This year's Chevron SWE Scholarship Winner will be announced at the UCB Evening with Industry on Thursday, November 10, 2011.**
