Guest Speaker: Professor Valerie Francis

Valerie Francis is an Associate Professor in Construction Management within the Faculty of Architecture, Building and Construction. She is a civil engineer with over ten years' experience in commercial, industrial, institutional and domestic construction as a senior structural engineer and project manager. Valerie also has a Master's degree in Project Management and a PhD which focused on gender in construction and engineering. She worked as a Research Fellow for five years on two large ARC projects investigating construction efficiency prior to joining the University of Melbourne in 2000.

Confi at Cal

confiatcal@gmail.com

Where did you
find that? I've been
searching for it everywhere.

I created it
myself.

DIY Stress Balls!

1. Blow up/stretch the balloon slightly first
2. Use construction paper as a funnel (cutting a semi-circular shape, folding, etc)
3. Fill the balloon with the rice (more rice = more firm!)
4. Pinch out the excess air and tie it off!
5. (optional) Decorate!

Recap

- [Sign up](#) for our mailing list!
- Committee [Application](#) still accepting responses for Social, Historian, Outreach, PR, PDM!
- See you at our events to earn your bronze, silver, or gold membership!
